## Workshop

2

09.00-09.30	Introduction: How to write AUNQA-SAR
09.30-10.30	Workshop: Writing the SAR focus on Criteria 1 to 5
10.30-10.45	Coffee break
10.45-12.00	Workshop: Writing the SAR focus on Criteria 1 to 5
12.00-13.00	Lunch
13.00-14.30	Workshop: Writing the SAR focus on Criteria 1 to 5
14.30-14.45	Coffee break
13.45-16.00	Workshop: Writing the SAR focus on Criteria 8, 10,11 and 6-9
16.00-16.15	AAR and Closing session

MU 2019

## Learning Outcomes

3

- **Apply** process approach to AUN-QA SAR development
- **Practice** writing AUN-QA SAR: Criteria 1 to 5, 8, 10, and 11
- **Learning** the requirements for writing Criteria 6 to 7, and 9

MU 2019

4

**Benchmarks:** National/International **C1.1**

**National Compliances:** TQF, Professional Agency, ...

**Vision/Mission/Graduate Attributes**

**Requirements**

**Stakeholders**

**C1.3**

**Requirements**

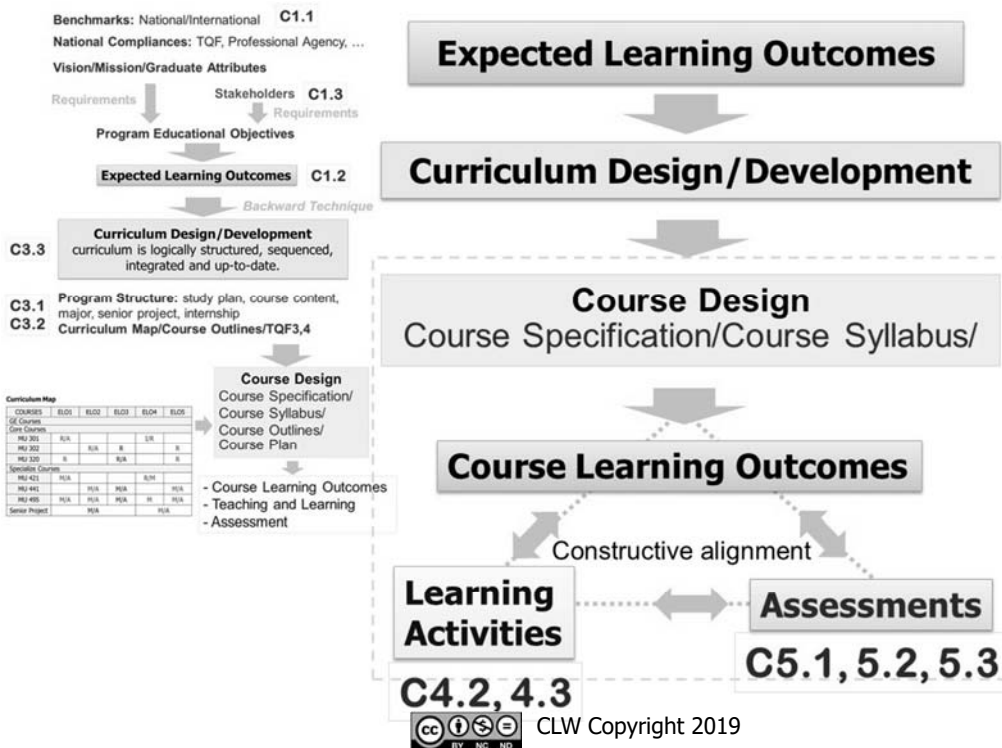

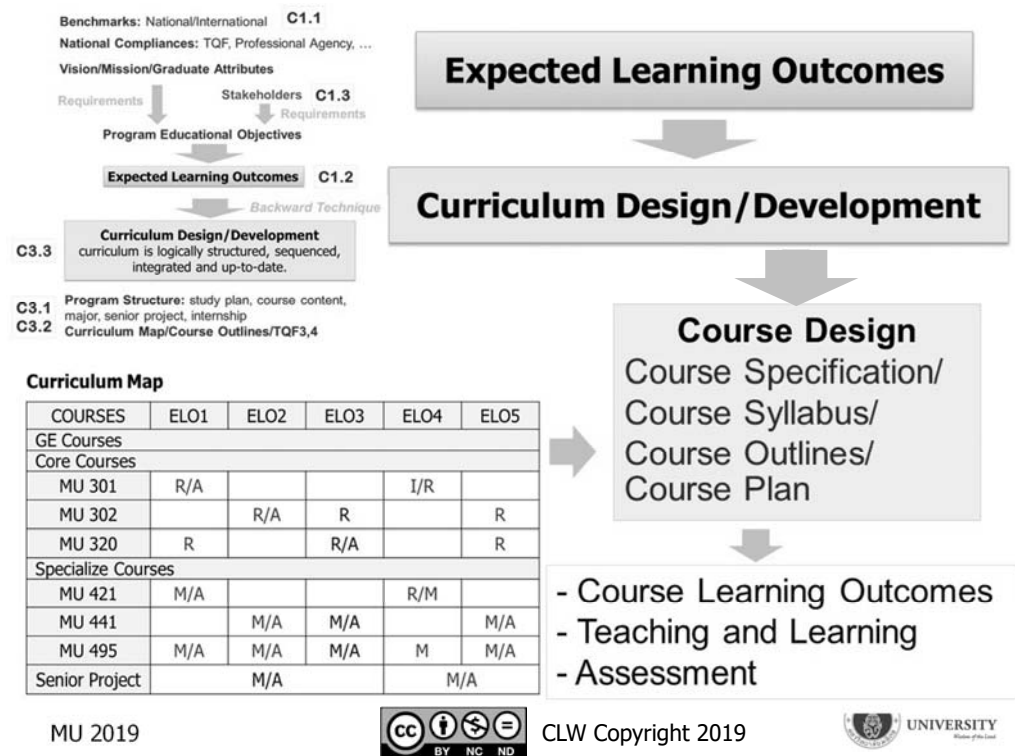

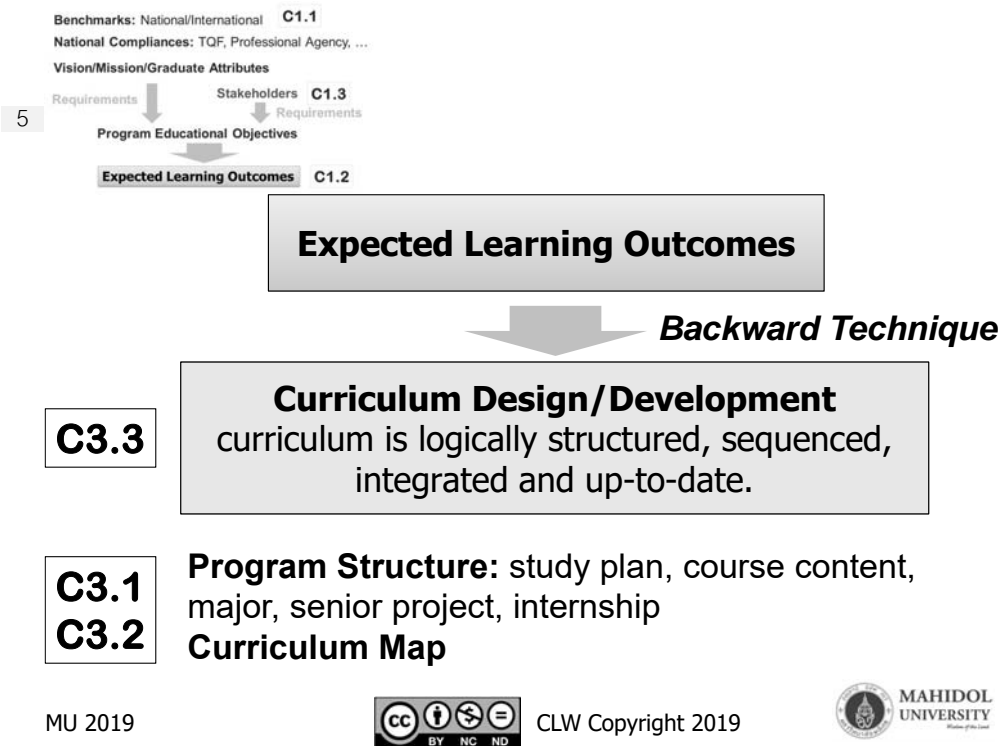

**Program Educational Objectives**

# PDCA Approach to SAR Development

## PDCA approach to SAR development

9

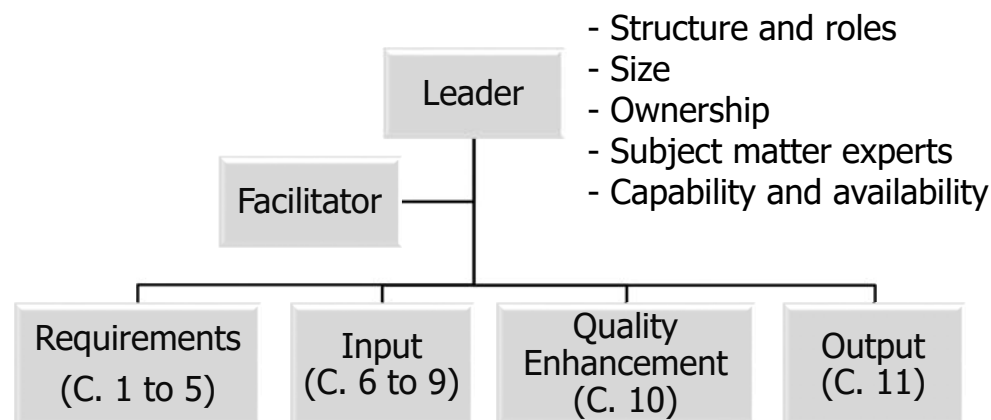

MU 2019

## SAR Writing Team

10

### System Criteria

MU 2019

## Develop SAR Plan

Activity/Month	1	2	3	4	5	6	7	8	9	10	11	12	Deadline	Assigned to	Status
Communicate Intent															
Organise Team															
Develop Plan															
Understand AUN QA criteria and process															
Self-assessment															
Collect data & evidences															
Close gaps															
Write SAR															
Review SAR															
Verify SAR															
Gather Feedback															
Improve QA															
Finalise SAR															
Communicate SAR															
Get Ready															

MU 2019

## Understand AUN QA Criteria and Process

12

Guide to AUN Actual Quality Assessment at Programme Level (3<sup>rd</sup> Version, 2015)

Guidelines for AUN Quality Assessment and Assessors (V.2, 2013)

- Obtain copy of the AUN-QA manual
- Educate stakeholders
- Organise training for relevant stakeholders
- Seek clarifications with internal and external experts

MU 2019  
Plan

## SAR Format

13

- It is important for the SAR to **follow a specific format** based on the AUN-QA criteria and checklist.
- Focus on **information and data** (objective evidences) that directly **address the criteria**.
- The report has to be **concise and factual**. Provide trends and statistics to show achievements and performance. The quantitative data requires special attention. The manner in which data is presented is important for the right interpretation of the data.

MU 2019

## Content of the SAR

14

- The SAR should not be more than **50 A4 pages** and printed in a consistent typeface with **font size 12**. The content of the SAR should consist of 4 parts :

Part 1: Introduction

Part 2: AUN-QA Criteria Requirements

Part 3: Strengths and Weaknesses Analysis

Part 4: Appendices

MU 2019

## Part 1: Introduction

15

- Executive summary of the SAR
- Organization of the self-assessment – how is the self-assessment carried out and who are involved?
- Brief description of the university, faculty and department – outline the history of quality assurance, mission, vision, objectives and quality policy of the university followed by a brief description of the faculty and department.

MU 2019

## Part 2: AUN-QA Criteria Requirements

16

- This section contains the write-up on how the university, faculty or department addresses the requirements of the AUN-QA criteria. Follow the criteria **listed in the self-assessment checklist**.

MU 2019

## Part 3: Strengths and Weaknesses Analysis

17

- Summary of **strengths** - Summarize the points that the department considers to be its strengths and mark the points that you are proud of.
- Summary of **Weaknesses** - Indicate which points the department considers to be weak and in need of improvement.
- **Completed checklist**
- **Improvement plan** – recommendations to close the gaps identified in the self-assessment and the action plan to implement them.

MU 2019

## Part 4: Appendices

18

- Glossary and supporting documents and evidences

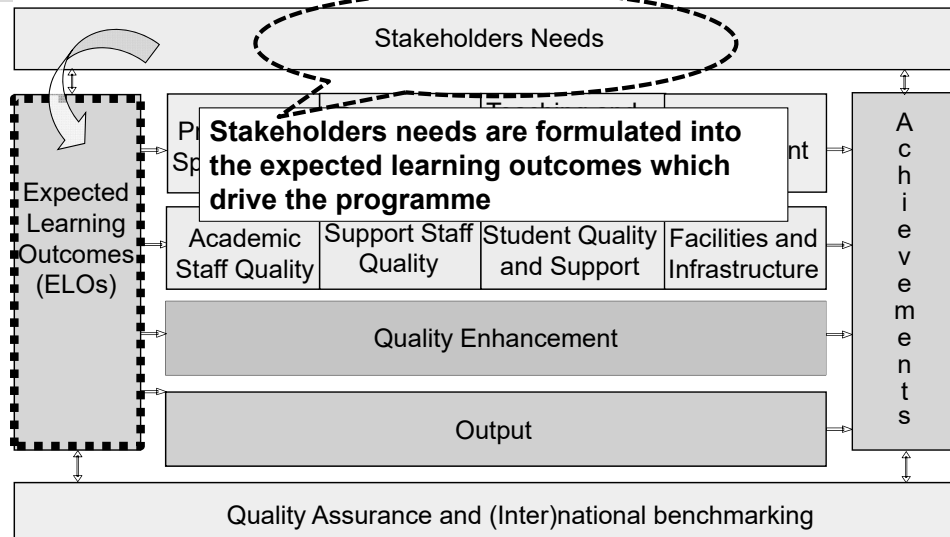

MU 2019

### Started with Expected Learning Outcomes

19

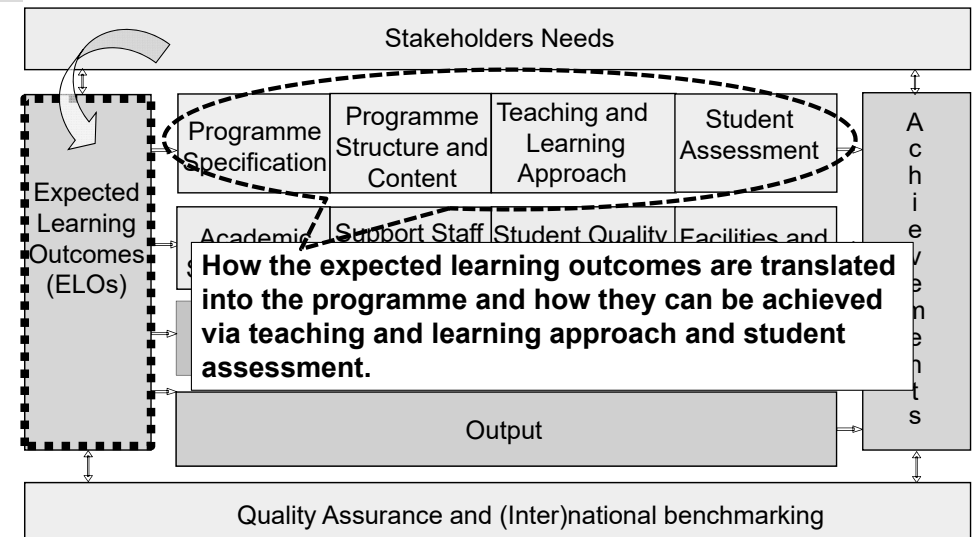

MU 2019

### The first row

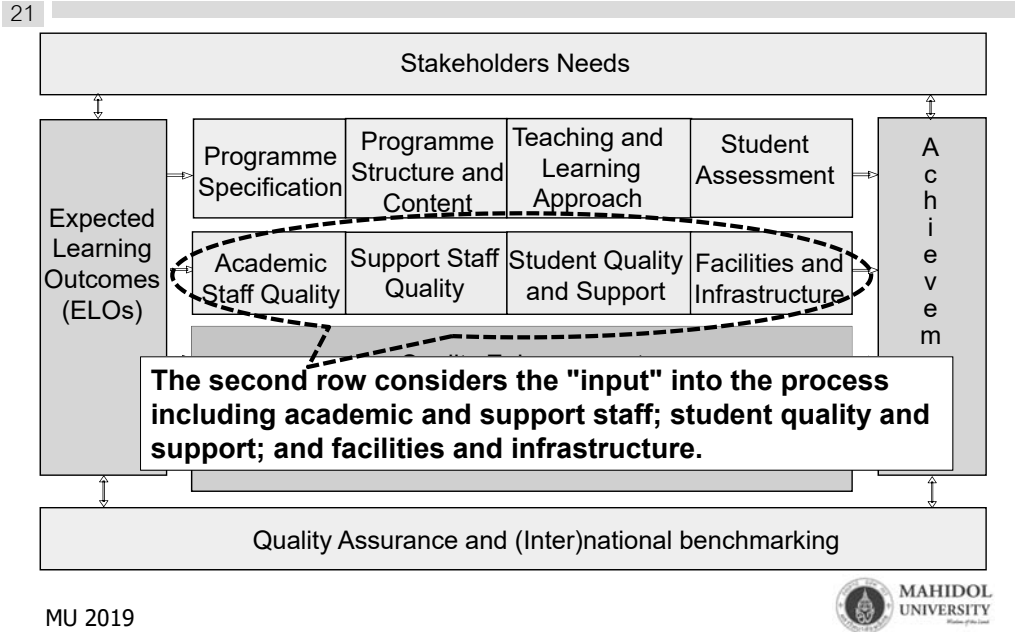

20

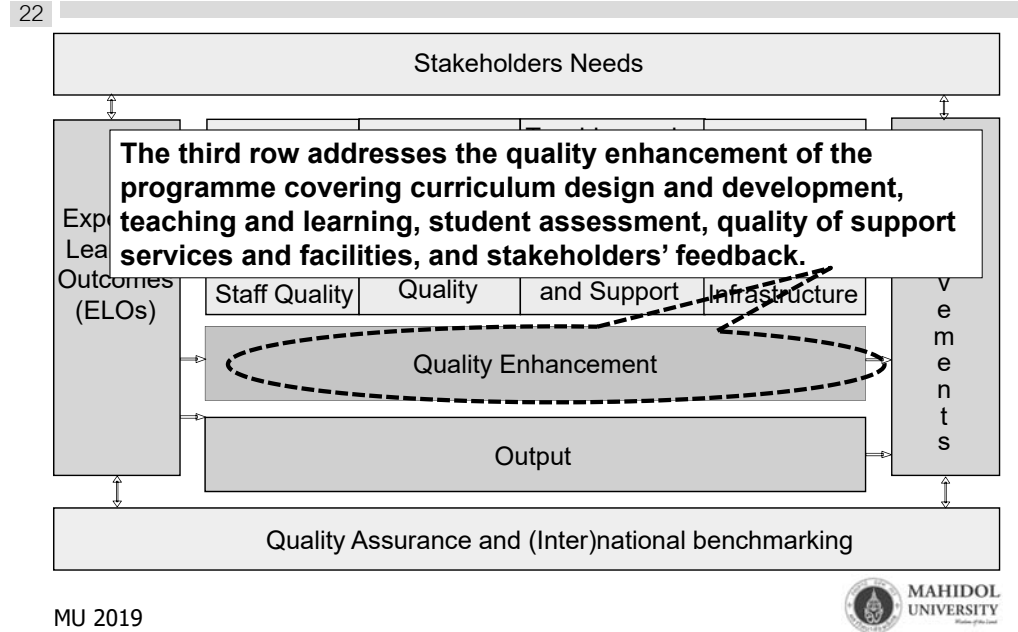

MU 2019

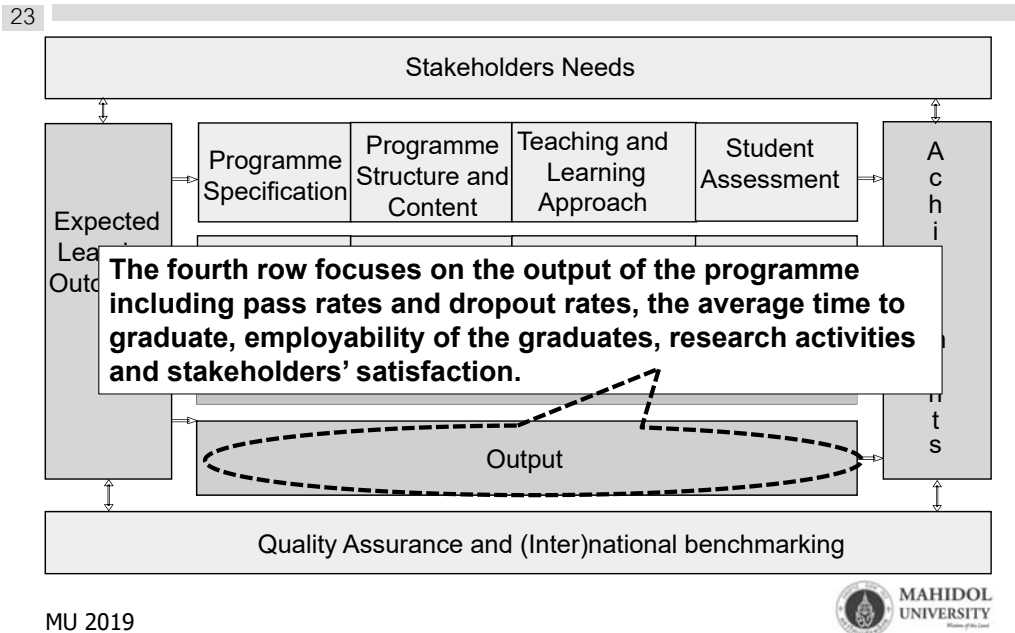

## The second row

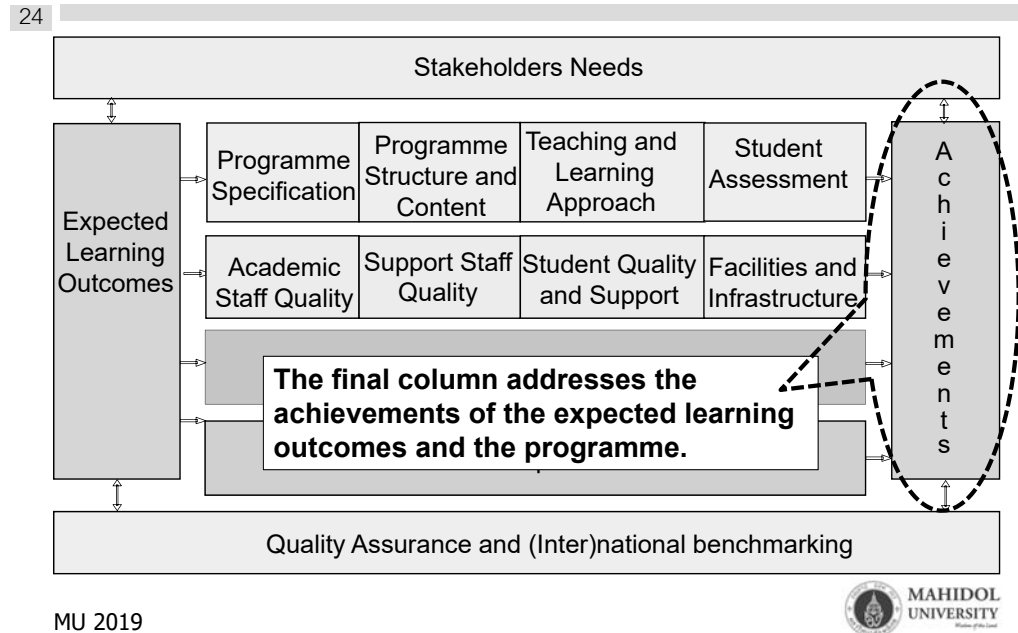

## Third row

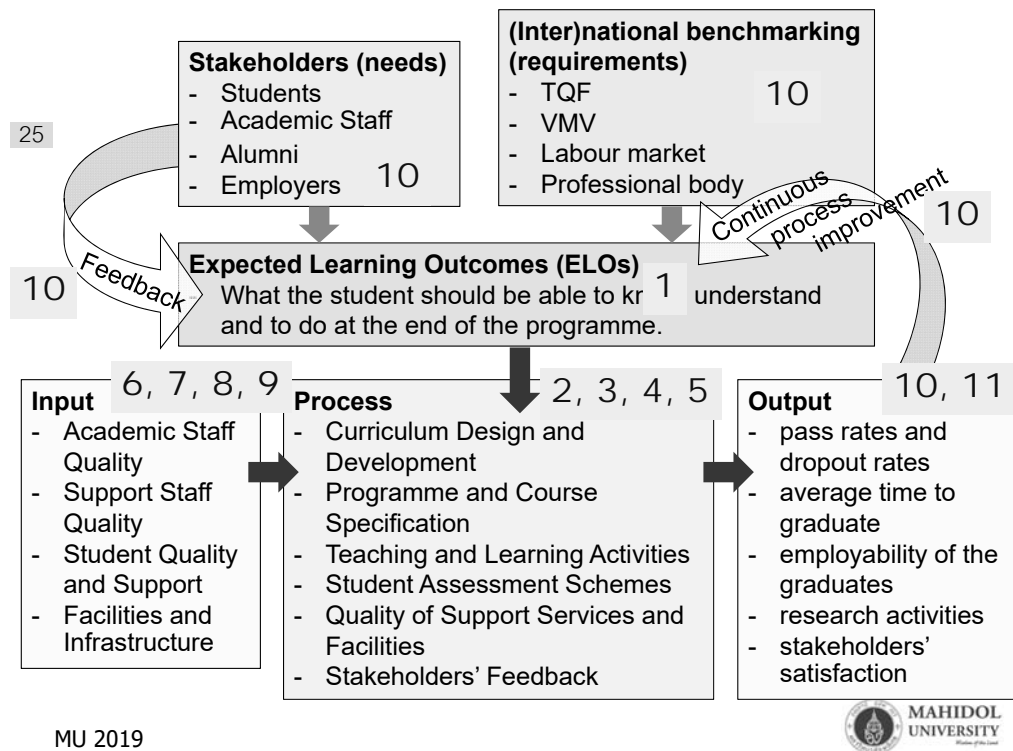

## The fourth row

## The final column

## Guidelines for writing an effective SAR (1/4)

26

- The SAR should follow a specific format based on the AUN-QA guidelines.
- The SAR is not just descriptive but
  - it is also analytical.
  - It includes an evaluation of the problems.
  - At the same time, it provides an indication of how the problems identified will be dealt with.
- Use the diagnostic questions provided in each of the AUN-QA criteria to do this.

MU 2019

## Guidelines for writing an effective SAR (2/4)

27

- Illustrate clearly what, where, when, who and how the QA mechanisms or instruments are implemented and managed to fulfill the criteria. This will help you to piece all related information together.
- The content has to be concise and factual.
  - Focus on information and data (objective evidences) that directly address the criteria.
  - Provide trends and statistics to show achievements and performance.

MU 2019

## Guidelines for writing an effective SAR (3/4)

28

- The quantitative data requires special attention.
  - The manner in which data is presented is important for the right interpretation of the data.
  - There is a clear need for standardisation of data such as student numbers, appointment of teaching staff, staff/student ratios, pass rates, etc.

MU 2019

## Guidelines for writing an effective SAR (4/4)

29

- Self-assessment forms the starting point for improvement between the performance of programme and the Goals of Fac/Uni as well as a document for IQA/EQA assessment.
  - When conducting a self-assessment report, it is important to draw up an institution own standards and criteria, but it is also essential to take account of the criteria formulated by outsiders, such as OHED and an accrediting body.

MU 2019

## How to Write SAR

30

In writing the SAR, the following factors need attention:

- Adopt a standard format and style to address the AUN-QA criteria
- **Determine whether the criterion is qualitative, quantitative or both**; and what is it asking for: a requirement, a process, a resource, a result...
- **Write the content in criterion using 5Ws** (what, where, when, who and why) **and 1H** (how) **and PDCA or ADRI approach**

MU 2019

## How to Write SAR

31

- Content should be written in a positive tone
- Write what is being practiced
- Focus on information and data (objective evidences) that directly address each criterion
- Make reference or link related criteria in the report (e.g. Criteria 1, 3, 4 and 5)
- Provide a glossary of abbreviations and terms used in the report.
- **Review** what you have written

MU 2019

## Step of Criterion Writing

32

1. Determine whether the criterion is qualitative, quantitative or both
2. Understand the requirements of each Criterion
  - >> Mark and Note the relevance...
3. Draft the answer of each requirement in ADRI approach?
  - >> May be in bullet format...first
4. Evidences' support?
  - >> List more Evidences to support?
5. Writing a draft in narrative format...
  - >> Note and prepare to meet with Facilitators

MU 2019

## ADRI Methodology

33

- **Approach**

**What** ...purpose, objective, process ...**is it trying to achieve?**

- **Deployment**

**How** ....communication, implementation, resources, training .... **achieve its approach?**

- **Results**

**What** ... performance measure, output, outcome, trend, target, comparative, evidence ....**that the approach is being achieved?**

- **Improvement**

**What processes** are in place for **improvement?**

MU 2019

## Approach

34

- What is the name of the process or approach?
- What is its purpose or goal?
- How is it aligned to vision, mission, objectives, learning outcomes and integrated with other approaches or processes?
- What are the key steps?

MU 2019

## Deployment

35

- When it was first deployed?  
How long has it been deployed?
- Who is involved in deploying it ? What level/type of employee?
- Where is it deployed? Which faculty, school, department?

MU 2019

## Results

36

- What is the performance measure for this process or criterion?
- What are the past and current results?  
What is the trend?  
What is the target?
- What are the comparative or competitive results?

MU 2019

# Improvement

37

- Has the process ever been improved?
- Is there an example of improvement that you can describe?
- Was the improvement effectiveness?

MU 2019

## Possible Data, Documents and Evidences

38	AUN-QA Criteria	Data, Documents and Evidences
1	Expected Learning Outcomes	Programme & course specifications, syllabus, course brochure & prospectus, skills matrix, stakeholders' inputs, curriculum map, university & faculty website, curriculum review minutes, accreditation & benchmarking reports
2	Programme Specification	
3	Programme Structure & Content	
4	Teaching & Learning Approach	Educational philosophy, student feedback, online learning portal, course specifications, syllabus, lesson plans
5	Student Assessment	Syllabus, assessment rubrics, samples of in-course assessment, project work, final examination, marking scheme, moderation process, appeal procedure

## Possible Data, Documents and Evidences

39	AUN-QA Criteria	Data, Documents and Evidences
6	Academic Staff Quality	Manpower plan, recruitment criteria, staff qualifications, peer review & appraisal system, career plan, student feedback, award & recognition systems, staff workload, allocation of roles and duties, termination & retirement schemes, training and development policy and plan, scholarships, research & publications
7	Support Staff Quality	Manpower plan, number, type and qualification of support staff, career plan, training plan, appraisal system, award & recognition schemes, student/faculty feedback, training and development policy and plan, scholarships

## Possible Data, Documents and Evidences

40	AUN-QA Criteria	Data, Documents and Evidences
8	Student Quality & Support	Student selection process, trend of student intakes, credit system, student workload, student performance reports, student monitoring, student competition and awards, CCA/ECA activities
9	Facilities and Infrastructure	Number and type of facilities, utilisation rates, downtime/uptime, maintenance plan, new facilities and upgrading plans, safety & health policy, facilities booking system

MU 2019

## Possible Data, Documents and Evidences

41

AUN-QA Criteria		Data, Documents and Evidences
10	Quality Enhancement	Curriculum design, review & approval process and minutes, QA of assessments, stakeholders' inputs, external examiners, stakeholders' feedback report, tracer studies, service indicators
11	Output	Pass/drop-out rates, employment statistics, entry-level salary, employers feedback, average time to graduate, student research, satisfaction surveys

MU 2019

## Qualitative Criterion

42

Criterion 1, 2, 3, 4, 5	
<b>What</b>	What is it? Describe the criterion or situation
<b>How</b>	How is it done? How is it aligned to .....? Who is involved? When is it done? Where is it done? Describe the approach (process) and deployment
<b>Why</b>	Why does the gap exist? Describe the gap and its improvement plan

MU 2019

## Quantitative Criterion

43

Criterion 11	
<b>What</b>	What is the current result or performance? What are the past results or performance? What is the target? Trend? Describe the result or performance
<b>How</b>	How is it performing when compared to past years? How is it performing when compared or benchmarked with other competing universities or benchmarking partners? Describe the comparison of result or performance
<b>Why</b>	Why the result or performance is on a downward trend or fall below expectation? Describe the gaps and its improvement plan

MU 2019

## Mixed Criterion

### Criterion 6, 7, 8, 9, 10

<b>What</b>	What is it? Describe the criterion or situation	What is the current result or performance? What are the past results or performance? What is the target? What is the trend? Describe the result or performance
<b>How</b>	How is it done? How is it aligned to .....? Who is involved? When is it done? Where is it done? Describe the approach (process) and deployment	How is it performing when compared to past years? How is it performing when compared or benchmarked with other competing universities or benchmarking partners? Describe the comparison of result or performance
<b>Why</b>	Why does the gap exist? Describe the gap and its improvement plan	Why the result or performance is on a downward trend or fall below expectation? Describe the gap and its improvement plan

# Writing Step for Criterion 1.1

CLW 2019

## Exercise : Writing SAR: Criterion 1.1

46

- 1. Read the requirements** of each sub-criterion: understand what the **requirements ask?** (ADRI approach). Write down the **Answer..?**
- 2. Write the answer of each question in a bullet format**
- 3. What are the support evidences of the answers?** Most of the evidences come from OBE implementation of your programme, e.g. ELOs, BCD, CM, Syllabus, etc.
- 4. Rewrite in a narrative form** (ADRI approach)

MU 2019

### Criterion 1 Expected Learning Outcomes

#### 1. See the Guideline

- The formulation of the expected learning outcomes takes into account and reflects the vision and mission of the institution. The vision and mission are explicit and known to staff and students.*
- The programme shows the expected learning outcomes of the graduate. Each course and lesson should be aligned to its outcomes.*
- The programme has clearly formulated the expected learning outcomes which reflect the relevant demands and needs of the stakeholders.*

Requirements

To be Answered

1	Expected Learning Outcomes	1	2	3	4	5	6	7
1.1	The expected learning outcomes have been clearly formulated and aligned with the vision and mission of the university.							
1.2	The expected learning outcomes are specific and measurable.							
1.3	The expected learning outcomes clearly reflect the requirements of the stakeholders [4]							
Overall opinion								

Checklist

To write

#### Diagnostic Questions

- What is the purpose of the programme?
- What are the expected learning outcomes?
- How are the expected learning outcomes aligned to the vision and mission of the university, faculty or department?

QA

To inquire

MU

## 1. Expected Learning Outcomes

48

### Requirements (4)

- The formulation of the expected learning outcomes takes into account and reflects the vision and mission of the institution. The vision and mission are explicit and known to staff and students.
- The programme shows the expected learning outcomes of the graduate. Each course and lesson should clearly be designed to achieve its expected learning outcomes which should be aligned to the programme expected learning outcomes.

MU 2019

**To answer the requirements of Criterion 1.1,  
what are the questions? Using ADRI approach**

**Example: Criterion 1.1**

<b>Criterion</b>	1.1 The expected learning outcomes have been clearly formulated and aligned with the vision and mission of the university. [1,2]
Plan/ Approach	
Do/Deploy	
Check/Result	
Act/ Improvement	

MU 2019

**Example: Criterion 1.1**

<b>Criterion</b>	1.1 The expected learning outcomes have been clearly formulated and aligned with the vision and mission of the university. [1,2]
<b>Plan/ Approach</b>	<ul style="list-style-type: none"> <li>• How are the ELOs formulated?</li> <li>• What are the key steps?</li> <li>• Who is involved in doing it?</li> <li>• and integrated with other approaches or processes?</li> </ul>
Do/Deploy	
Check/Result	
Act/ Improvement	

MU 2019

**Example: Criterion 1.1**

<b>Criterion</b>	1.1 The expected learning outcomes have been clearly formulated and aligned with the vision and mission of the university. [1,2]
Plan/Approach	
<b>Do/Deploy</b>	<ul style="list-style-type: none"> <li>• When it was developed? What is the cycle?</li> <li>• How do they align with vision and mission of university, faculty and department?</li> <li>• How do they aligned with programme aims and objectives?</li> <li>• How do they comply with national regulation, professional agency, benchmarking, etc?</li> </ul>
Check/Result	
Act/ Improvement	

MU 2019

**Example: Criterion 1.1**

<b>Criterion</b>	1.1 The expected learning outcomes have been clearly formulated and aligned with the vision and mission of the university. [1,2]
Plan/Approach	
Do/Deploy	
<b>Check/ Result</b>	<ul style="list-style-type: none"> <li>• What are the key changes from the last revision?</li> <li>• What are the comparative or competitive results?</li> </ul>
Act/ Improvement	

MU 2019

## Example: Criterion 1.1

53

Criterion	1.1 The expected learning outcomes have been clearly formulated and aligned with the vision and mission of the university. [1,2]
Plan/Approach	
Do/Deploy	
Check/Result	
<b>Act/ Improvement</b>	<ul style="list-style-type: none"> <li>• Has the process been improved?</li> <li>• Example of improvement that can be describe?</li> <li>• How can the improvement be measured?</li> </ul>

MU 2019

## 2. Answer of each question in a bullet format

54

### C 1.1: Answer to requirement 1 and 2

- *Vision*: University is determined to be a world-class university.
- *Mission*: To excel in sciences, arts, and innovation with integrity for the betterment of society and the benefit of mankind
- *Vision*: To be the world-class Science Faculty.
- *Mission*: To produce graduates with knowledge and virtue, and research of international quality.
- Vision and mission from the university and faculty have been communicated to all students and staffs by several means including web site, newsletter, orientation, etc.
- In 2017, Programme reviewed and redesigned to comply with the Accreditation of Degree Programmes, 2017 recommended by Royal Society of Chemistry ([www.rsc.org/accredit](http://www.rsc.org/accredit)).
- Graduates have been employed in both public and private sectors and also internationally.

MU 2019

## 3. Support evidences

55

- .....
- ..... **From the AUN-QA Guide book**
  - ELOs and the key changes
  - Course brochure and prospectus or bulletin
  - University and faculty VMV
  - University and faculty websites
  - Stakeholder requirements
  - Review minutes and documents
  - Benchmarking issues
- .....

MU 2019

## 4. Rewrite in a narrative form

56

A **narrative** (fiction or non-fiction) is the story told and the order in which it is told.  
 Story telling in statements of fact or information which are relevant to the assessment criteria and evidences

MU 2019

## C 1.1 : Converting the bullet text into narrative writing

57 Both University and the Faculty of Science share the same vision and mission as aiming to be a world-class institution by providing high-quality education and producing international-standard research outputs. Such strong intents from the university and faculty have been communicated to all students and staffs by several means including web site, newsletter, orientation, etc. Our programs' ELOs simply align well to those goals. The study Programs in Chemistry at the Faculty of Science aim to produce graduates with international-level of knowledge and skills in biochemical research. In doing so, the program ELOs have been formulated by taking into account the "Accreditation of Degree Programmes, 2017 recommended by Royal Society of Chemistry (www.rsc.org/accredit). RSC is an internationally-recognized organization and the accreditation has been accepted by 54,000 members and a knowledge business that spans the globe (see Appendix 1). Alignment of our programs' ELOs with the recommended standard from RSC is presented in Table 2. By achieving our programs' internationally-standard-conforming ELOs, the graduates can be employed as researcher or technician in laboratory and in industry anywhere in the world while they can further continue their education at the master level in chemistry or other related areas. Thus, our programs' ELOs are clearly aligned with the vision/mission of the university.

60

## 1. Expected Learning Outcomes (3)

59

1	Expected Learning Outcomes
1.1	The expected learning outcomes have been clearly formulated and aligned with the vision and mission of the university. [1,2]
1.2	The expected learning outcomes cover both subject specific and generic (i.e. transferable) learning outcomes. [3]
1.3	The expected learning outcomes clearly reflect the requirements of the stakeholders. [4]

MU 2019

## Exercise : Writing SAR: Criterion 1.2, 1.3

58

- 1. Read the requirements** of each sub-criterion: understand what the **requirements ask?** (ADRI approach). Write down the **Answer..?**
- 2. Write the answer of each question in a bullet format**
- 3. What are the support evidences of the answers?** Most of the evidences come from OBE implementation of your programme, e.g. ELOs, BCD, CM, Syllabus, etc.
- 4. Rewrite in a narrative form** (ADRI approach)

MU 2019

### Criterion 1 Expected Learning Outcomes

60

- The formulation of the expected learning outcomes takes into account and reflects the vision and mission of the institution. The vision and mission are explicit and known to staff and students.*
- The programme shows the expected learning outcomes of the graduate. Each course and lesson should clearly be designed to achieve its expected learning outcomes which should be aligned to the programme expected learning outcomes.*
- The programme is designed to cover both subject specific outcomes that relate to the knowledge and skills of the subject discipline; and generic (sometimes called transferable skills) outcomes that relate to any and all disciplines e.g. written and oral communication, problem-solving, information technology, teambuilding skills, etc.*
- The programme has clearly formulated the expected learning outcomes which reflect the relevant demands and needs of the stakeholders.*

1	Expected Learning Outcomes	1	2	3	4	5	6	7
1.1	The expected learning outcomes have been clearly formulated and aligned with the vision and mission of the university [1,2]							
1.2	The expected learning outcomes cover both subject specific and generic (i.e. transferable) learning outcomes [3]							
1.3	The expected learning outcomes clearly reflect the requirements of the stakeholders [4]							
	Overall opinion							

### Diagnostic Questions

- What is the purpose of the study programme?
- What are the expected learning outcomes?
- How are the expected learning outcomes formulated?
- Do the learning outcomes reflect the vision and mission of the university, faculty or department?

MU

# 1. Expected Learning Outcomes

61

## Requirements (4)

3. The programme is designed to cover both subject specific outcomes that relate to the knowledge and skills of the subject discipline; and generic (sometimes called transferable skills) outcomes that relate to any and all disciplines e.g. written and oral communication, problem-solving, information technology, teambuilding skills, etc.
4. The programme has clearly formulated the expected learning outcomes which reflect the relevant demands and needs of the stakeholders.

MU 2019

# What are the questions?

62

**Q:** Who is your key stakeholders? How is importance?

**Ans** .....

**Evidences** .....

**Q:** What are the requirements of each stakeholder: students, academic staff, alumni and employers?

**Ans** .....

**Evidences** .....

**Q:** How do the requirements align to the ELOs?

**Ans** .....

**Evidences** .....

## Master of Science in Food Science for Nutrition

65

VM → to be recognized as a world leader in FSN

The FSN Program aims to produce graduates who are able to integrate the knowledge and skills in food science and nutrition to conduct advanced research, transfer knowledge to develop and international work in the areas of food morality, academic integrity and professional ethics.

The FSN Program aims to produce graduates

### Program Learning Outcomes

1. Possess moral and ethics required for food science and nutrition
2. Able to acquire the theoretical and practical knowledge and skills to develop foods and food products
3. Possess analytical problem-solving skills to generate new knowledge and to solve issues in food products
4. Possess good leadership, interpersonal, and teamwork skills along with general management necessary for food business
5. Possess strong information technology skills for publishing of study and research findings

Ability to conduct research on foods and food products for health to extend knowledge in food science for nutrition

Ability to deliver knowledge and ideas in food science for nutrition

Leadership, interpersonal and teamwork skills along with general management necessary for food business

Ability to integrate knowledge in food science for nutrition to evaluate, prevent, reduce the risk and solve food and nutrition problems

### 3. Programme Structure and Content (3)

69

3	Programme Structure and Content
3.1	The curriculum is designed based on constructive alignment with the expected learning outcomes. [1] <i>Direct relate to Criterion 1</i>
3.2	The contribution made by each course to achieve the expected learning outcomes is clear. [2]
3.3	The curriculum is logically structured, sequenced, integrated and up-to-date. [3,4,5,6]

MU 2019

### 3. Programme Structure and Content

70

#### Requirements (6)

1. The curriculum, teaching and learning methods and student assessment are constructively aligned to achieve the expected learning outcomes.
2. The curriculum is designed to meet the expected learning outcomes where the contribution made by each course in achieving the programme's expected learning outcomes is clear.
3. The curriculum is designed so that the subject matter is logically structured, sequenced, and integrated.

MU 2019

### 3. Programme Structure and Content

71

#### Requirements (6)

4. The curriculum structure shows clearly the relationship and progression of basic courses, the intermediate courses, and the specialised courses.
5. The curriculum is structured so that it is flexible enough to allow students to pursue an area of specialisation and incorporate more recent changes and developments in the field.
6. The curriculum is reviewed periodically to ensure that it remains relevant and up-to-date

MU 2019

#### Exercise : Writing SAR: Criterion 3

72

1. **Read the requirements** of each sub-criterion: understand what the **requirements ask?** (ADRI approach). Write down the **Answer..?**
2. **What are the support evidences of the answers?** Most of the evidences come from OBE implementation of your programme, e.g. ELOs, BCD, CM, Syllabus, etc.
3. **Write a draft of each Criterion in a bullet format**
4. **Rewrite in a narrative form** (ADRI approach)

MU 2019

## What are the questions?

73

**Q:** How the expected learning outcomes translated into the programme and its courses?

**Ans** .....

**Evidences** .....

**Q:** How is the curriculum designed?

**Q:** How are the courses in the curriculum aligned with the ELOs?

**Q:** What is the programme structure? How flexible for students to pursue the specialized content, majors, internship and incorporate changes in the field?

**Q:** How does the programme content show the sequence and integration of learning?

**Q:** How has the curriculum been periodically reviewed and up-to-date?

MU 2019

## Master of Science in Food Science for Nutrition

VM → to be recognized as a world leader in FSN

The FSN Program aims to produce graduates who are able to integrate the knowledge and skills in food science and nutrition to conduct advanced research, and apply and transfer knowledge to develop and manage national and international work in the areas of food and nutrition with morality, academic integrity and professional ethics.

- Programme Objectives**
1. Possess morals and ethics required for food science and nutrition pro
  2. Able to acquire the theoretical and practical knowledge in food science and develop foods and food products to prevent, reduce the risk and generate new knowledge and to add value to food products
  3. Possess analytical problem-solving skills in food science and nutrition data through proper research methodology, and ability to engage in
  4. Possess good leadership, interpersonal, and teamwork skills, and be
  5. Possess strong information technology skills for data searching, and publishing of study and research findings

### ELO 1, 3, 4 (Semester 1, 2)

1. F/N Science/Processing
  - Current trend
  - Emerging Tech
  - Update
2. Safety/ QA&QC system update
  - Recommendation
  - Practice
3. Real-life exposure
  - Field trip
  - Co-curricular activities

### CURRICULUM DESIGN FS + N → RESEARCH

Advance FS+N + Field trip 20 Credits (2/3)  
+ Elective 4 Credits  
Research 12 Credits (1/3)

### ELO 2

- Research methodology (Semester 2)
- Proposal (Semester 3)
- THESIS (5 Areas) (Semester 3+4)

## Ph.D. – Economic Programme

83

PhD Program Requirements	ELO1	ELO2	ELO3	ELO4	ELO5	ELO6	ELO7
Core Courses	I, R	I	I	I	I		
Qualifying Exams	R	R					I, A
Field Courses	R	R	I, R	I, R	I, R	I, R	
Research Seminar	R	R	R	I, R	R	R	R, A
Electives	R	R	R	R	R	R	
Proposal Defense	R, A	R, A	R, A	R, A	R	R	R
Thesis Defense	M, A	M, A	M, A	M, A	M	M	R
Thesis Submission	M	M	M	M	M	M	A

I = Introduced; R = Reinforced & opportunity to practice; M = Mastery at the senior or exit level;  
A = Assessment evidence collected

1. Demonstrate an understanding of economic theory and analytical and quantitative tools.
2. Demonstrate an ability to understand, integrate, and apply the various tools, concepts, and principles of economics and quantitative methods to analyze and to develop solutions to economic problems in a clear and concise written form.
3. Demonstrate a "frontier" level competency and familiarity with the literature in the student's perceived specialty area.
4. Demonstrate the ability to conduct independent and original research in economics.
5. Have the skills necessary to qualify for teaching positions at the university and college levels, and for research positions in the public or private sector.
6. Program graduates will be able to obtain employment that uses the level of expertise obtained in the Ph.D. program.
7. Complete these goals according to the timeline described in the graduate program guidelines.

MU 2019

# Your Time Is NOW!

## 4. Teaching and Learning Approach (3)

4	Teaching and Learning Approach
4.1	The educational philosophy is well articulated and communicated to all stakeholders. [1]
4.2	Teaching and learning activities are constructively aligned to achievement of the learning outcomes. [2,3,4,5]
4.3	Teaching and learning activities enhance life-long learning. [6]

## 4. Teaching and Learning Approach

### Requirements (6)

1. The teaching and learning approach is often dictated by the educational philosophy of the university. Educational philosophy can be defined as a set of related beliefs that influences what and how students should be taught. It defines the purpose of education, the roles of teachers and students, and what should be taught and by what methods.
2. Quality learning is understood as involving the active construction of meaning by the student, and not just something that is imparted by the teacher. It is a deep approach of learning that seeks to make meaning and achieve understanding.

## 4. Teaching and Learning Approach

89

### Requirements (6)

3. Quality learning is also largely dependent on the approach that the learner takes when learning. This in turn is dependent on the concepts that the learner holds of learning, what he or she knows about his or her own learning, and the strategies she or he chooses to use.
4. Quality learning embraces the principles of learning. Students learn best in a relaxed, supportive, and cooperative learning environment.

MU 2019

## 4. Teaching and Learning Approach

90

### Requirements (6)

5. In promoting responsibility in learning, teachers should:
  - a. create a teaching-learning environment that enables individuals to participate responsibly in the learning process; and
  - b. provide curricula that are flexible and enable learners to make meaningful choices in terms of subject content, programme routes, approaches to assessment and modes and duration of study.

MU 2019

## 4. Teaching and Learning Approach

91

### Requirements (6)

6. The teaching and learning approach should promote learning, learning how to learn and instil in students a commitment of lifelong learning (e.g. commitment to critical inquiry, information-processing skills, a willingness to experiment with new ideas and practices, etc.).

MU 2019

## Exercise : Writing SAR: Criterion 4

92

1. **Read the requirements** of each sub-criterion: understand what the **requirements ask?** (ADRI approach). Write down the **Answer..?**
2. **What are the support evidences of the answers?** Most of the evidences come from OBE implementation of your programme, e.g. ELOs, BCD, CM, Syllabus, etc.
3. **Write a draft of each Criterion in a bullet format**
4. **Rewrite in a narrative form** (ADRI approach)

MU 2019

## What are the questions?

93

**Q:** How do you ensure the constructive alignment of assessment at both programme and course level?

**Ans** .....

**Evidences** .....

**Q:** How does the education philosophy transfer to teaching and learning?

**Q:** How the OBTL has been implemented?

**Q:** How the education philosophy is communicated?

**Q:** How has the course syllabus (T&L) been periodically reviewed and up-to-date?

**Q:** How the T&L approached support SCL?

**Q:** What are the teaching activities enhance LLL?

MU 2019

## Support evidences

94

- ..... **For example:**
- .....
  - Educational philosophy
  - Evidence of action learning such as project, practical training, assignment, industrial attachment, etc.
  - Course evaluation
  - Student feedback
  - Online learning
  - Programme and course specifications, Syllabus
  - Internship reports
  - Community involvement
  - Memorandum of Understanding (MOU)
- .....

MU 2019

### Educational Philosophy of Mahidol University

95

Our primary focus is on educating the learners, as for them to attain academic achievement through learning-centered education, outcome-based and constructivism. To become a wisdom graduate, learners construct their own learning from previous knowledge and what they have learned so far with the new knowledge, and with experiential learning activities

#### ปรัชญาการศึกษา มหาวิทยาลัยมหิดล

มุ่งการเรียนรู้ของผู้เรียนเป็นสำคัญในการจัดการศึกษา เพื่อ  
ผลสัมฤทธิ์ของผู้เรียน โดยผู้เรียนสามารถสร้างความรู้ด้วย  
ตนเองจากความรู้เดิมและจากประสบการณ์ การเรียนรู้และการ  
ปฏิบัติในกิจกรรมต่างๆ

95

MU 2019

### Programme Goals

96

**Educational philosophy**  
can be defined as a set of related beliefs  
that influences what and how  
students should be taught  
**(T/L approach)**

### Programme Assessments

MU 2019

**TQF3**

2				
3				
4				

MU 2019

## 5. Student Assessment

5	Student Assessment
5.1	The student assessments are constructively aligned to the achievement of the expected learning outcomes. [1,2]
5.2	The student assessments including timelines, methods, regulations, weight distribution, rubrics and grading are explicit and communicated to students. [4,5]
5.3	Methods including assessment rubrics and marking schemes are used to ensure validity, reliability and fairness of student assessment. [7]

MU 2019

## 5. Student Assessment

101

5.4	Feedback of student assessment is timely and helps to improve learning. [3]
5.5	Students have ready access to appeal procedure. [8]

MU 2019

## 5. Student Assessment (5)

102

### Requirements (8)

1. Assessment covers:

- New student admission
- Continuous assessment during the course of study
- Final/exit test before graduation

121

2. In fostering constructive alignment, a variety of assessment methods should be adopted and be congruent with the expected learning outcomes. They should measure the achievement of all the expected learning outcomes of the programme and its courses.

MU 2019

## 5. Student Assessment

103

### Requirements (8)

3. A range of assessment methods is used in a planned manner to serve diagnostic, formative, and summative purposes.
4. The student assessments including timelines, methods, regulations, weight distribution, rubrics and grading should be explicit and communicated to all concerned.
5. Standards applied in assessment schemes are explicit and consistent across the programme.

MU 2019

## 5. Student Assessment

104

### Requirements (8)

6. Procedures and methods are applied to ensure that student assessment is valid, reliable and fairly administered.
7. The reliability and validity of assessment methods should be documented and regularly evaluated and new assessment methods are developed and tested.
8. Students have ready access to reasonable appeal procedures.

MU 2019

## Exercise : Writing SAR: Criterion 5

105

- 1. Read the requirements** of each sub-criterion: understand what the **requirements ask?** (ADRI approach). Write down the **Answer..?**
- 2. What are the support evidences of the answers?** Most of the evidences come from OBE implementation of your programme, e.g. ELOs, BCD, CM, Syllabus, etc.
- 3. Write a draft of each Criterion in a bullet format**
- 4. Rewrite in a narrative form** (ADRI approach)

MU 2019

## What are the questions?

106

- Q:** How do you assess the new students? (input quality)?  
C5.1 → related to C8.1, 8.2
- Ans** .....
- Evidences** .....
- Q:** What is the exit/final assessment?
- Q:** How do you manage the student assessment during the course of study? → Assessment plan, formative and summative assessments
- Q:** How do you ensure the constructive alignment of assessment at both programme and course level?
- Q:** How has the course syllabus been periodically reviewed and up-to-date?
- Q:** How the rubric assessments are implemented?

MU 2019

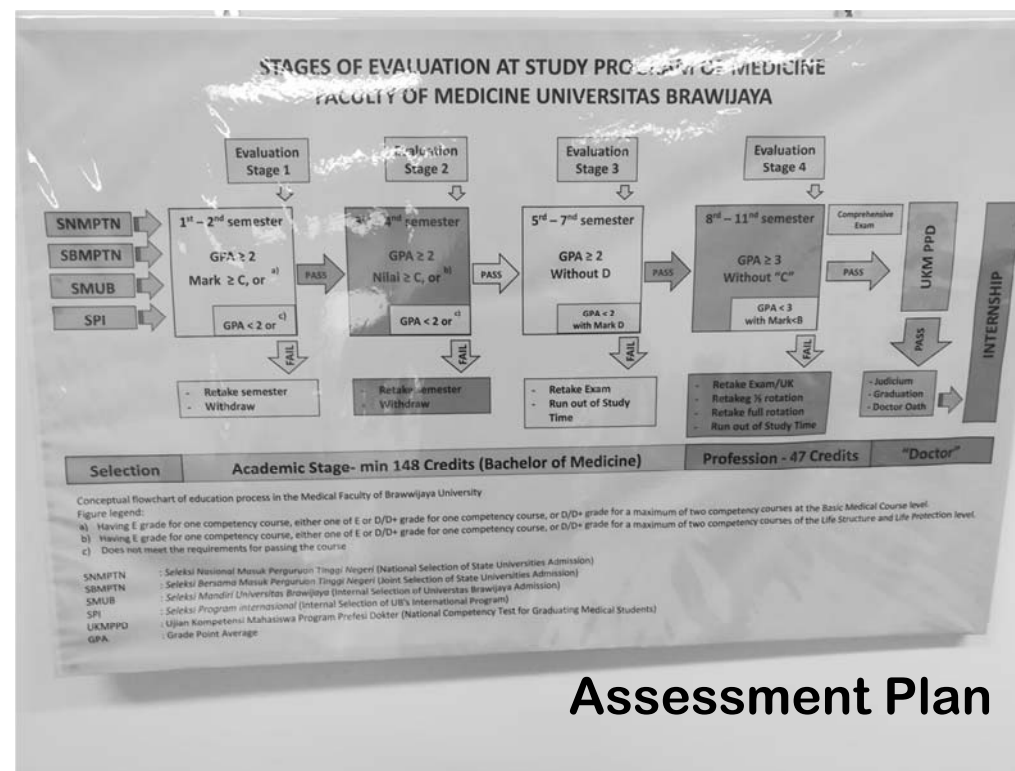

## Support evidences

107

- .... **For example:**
- .... • Assessment plan
- .... • Samples of in-course assessment, project work, thesis, final examination, etc.
- .... • Rubrics, performance indicators and standard
- .... • Marking scheme
- .... • Course evaluation
- .... • Student feedback
- .... • Online learning
- .... • Appeal procedure
- .... • Programme and course specifications, course syllabus
- .... • Examination regulations

MU 2019

## Assessment Plan

## Scoring Rubrics

### PRESENTATION

	LEVEL 4	LEVEL 3	LEVEL 2	LEVEL 1
	Exceptional	Effective	Acceptable	Developing
<b>Knowledge / Understanding</b>				
Demonstrates an understanding of the topic	thorough understanding	considerable understanding	moderate understanding	emerging understanding
<b>Inquiry / Thinking</b>				
Develops and supports an original idea or opinion about the topic	thorough development and support	considerable development and support	moderate development and support	emerging sense of development and support
<b>Communication</b>				
Addresses audience and speaks clearly with fluency, structure, and purpose	high degree of fluency, structure, and purpose	considerable fluency, structure, and purpose	moderate fluency, structure, and purpose	emerging fluency and sense of structure and purpose
<b>Application</b>				
Exercises rhetorical skills such as emphasis, timing, pacing, reasoning, and questioning	high degree of skill	considerable skill	moderate skill	emerging skill

$$\text{Overall Grade: } \frac{9}{16} = 56\%$$

## 8. Student Quality and Support (5)

8	Student Quality and Support
8.1	The student intake policy and admission criteria are defined, communicated, published, and up-to-date. [1]
8.2	The methods and criteria for the selection of students are determined and evaluated. [2] 
8.3	There is an adequate monitoring system for student progress, academic performance, and workload. [3]

## 8. Student Quality and Support (5)

8.4	Academic advice, co-curricular activities, student competition, and other student support services are available to improve learning and employability. [4]
8.5	The physical, social and psychological environment is conducive for education and research as well as personal well-being. [5]

## 8. Student Quality and Support

117

### Requirements (5)

1. The student intake policy and the admission criteria to the programme are clearly defined, communicated, published, and up-to-date.
2. The methods and criteria for the selection of students are determined and evaluated.
3. There is an adequate monitoring system for student progress, academic performance, and workload. Student progress, academic performance and workload are systematically recorded and monitored, feedback to students and corrective actions are made where necessary.

MU 2019

## 8. Student Quality and Support

118

### Requirements (5)

4. Academic advice, co-curricular activities, student competition, and other student support services are available to improve learning and employability.
5. In establishing a learning environment to support the achievement of quality student learning, the institution should provide a physical, social and psychological environment that is conducive for education and research as well as personal well-being.

MU 2019

## Exercise : Writing SAR: Criterion 8

119

1. **Read the requirements** of each sub-criterion: understand what the **requirements ask?** (ADRI approach). Write down the **Answer..?**
2. **What are the support evidences of the answers?** Most of the evidences come from policy and at national, university and faculty levels, OBE implementation and support services for students.
3. **Write a draft of each Criterion in a bullet format**
4. **Rewrite in a narrative form** (ADRI approach)

MU 2019

## What are the questions?

120

**Q:** How are student intakes monitored and analysed?  
C8.2 → related to C5.1

**Ans** .....

**Evidences** .....

**Q:** How are students selected?

**Q:** What measures are taken to influence the quality and the size of the intake students?

**Q:** How is the student workload monitored?

**Q:** Does the department have a monitoring system for recording study progress and following graduates (for example, tracer surveys)?

**Q:** How is the data of the monitoring system used?

**Q:** Are students satisfied with the support services available?

MU 2019

## Support evidences

121

### For example:

- Student selection process and criteria
- Trend of student intakes
- Credit system
- Student workload
- Student performance reports
- Participation in academic and non-academic activities, extracurricular activities, competition, etc.
- Mechanisms to report and feedback on student progress
- Provision of student support services at university and faculty level
- Coaching, mentoring and counselling schemes
- Student feedback and course evaluation

MU 2019

## A summary of the intake of first year students

122

Provide data on the intake of first year students in the last 5 academic years

Academic Year	Applicants			
	No. Applied	No. Offered	No. Admitted	Total

MU 2019

## A summary of the total number of students enrolled in the programme

123

Provide data in the last 5 academic years

Academic Year	Students					Total
	1st Year	2nd Year	3rd Year	4th Year	>4th Year	

MU 2019

## Student Support Services

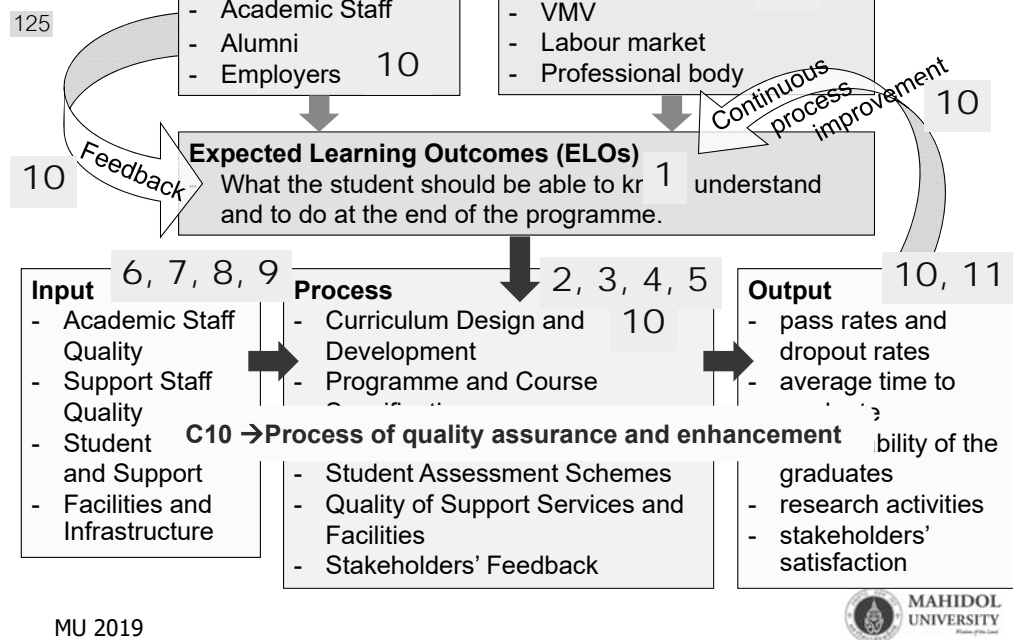

124

MU 2019

## 10. Quality Enhancement (6)

126

10	Quality Enhancement
10.1	Stakeholders needs and feedback serve as input to curriculum design and development. [1] <b>C1.3</b>
10.2	The curriculum design and development process is established and subjected to evaluation and enhancement. [2] <b>C3.1, 3.2</b>
10.3	The teaching and learning processes, and student assessment are continuously reviewed and evaluated to ensure their relevance and alignment. [3] <b>C4.2, 5.1-5.3</b>

MU 2019

## 10. Quality Enhancement (6)

127

10.4	Research output is used to enhance teaching and learning. [4] <b>C4.2</b>
10.5	Quality of support services and facilities (at the library, laboratory, IT facility and student services) is subjected to evaluation and enhancement. [5] <b>C7.2, C9</b>
10.6	The stakeholders feedback mechanism is systematic and subjected to evaluation and enhancement. [6] <b>C11, C1-5, C6-9</b>

MU 2019

## 10. Quality Enhancement

128

### Requirements (6)

1. The curriculum is developed with inputs and feedback from academic staff, students, alumni and stakeholders from industry, government and professional organizations.
2. The curriculum design and development process is established and it is periodically reviewed and evaluated. Enhancements are made to improve its efficiency and effectiveness.
3. The teaching and learning processes and student assessment are continuously reviewed and evaluated to ensure their relevance and alignment to the expected learning outcomes.

MU 2019

## 10. Quality Enhancement

129

### Requirements (6)

4. Research output is used to enhance teaching and learning.
5. Quality of support services and facilities (at the library, laboratory, IT facility and student services) is subject to evaluation and enhancement.
6. Feedback mechanisms to gather inputs and feedback from staff, students, alumni and employers are systematic and subjected to evaluation and enhancement.

MU 2019

## Exercise : Writing SAR: Criterion 10

130

1. **Read the requirements** of each sub-criterion: understand what the **requirements ask?** (ADRI approach). Write down the **Answer..?**
2. **What are the support evidences of the answers?** Most of the evidences come from OBE implementation and QA processes involved.
3. **Write a draft of each Criterion in a bullet format**
4. **Rewrite in a narrative form** (ADRI approach)

MU 2019

## What are the questions?

131

- Q:** Describe the process of curriculum design and development ?
- Q:** What are the roles of the stakeholders in the design and review of the curriculum?
- Q:** When designing curriculum, how the information of benchmarking institutions are involved?
- Q:** How are the programme and its courses evaluated?
- Q:** What feedback mechanisms are used to gather inputs and feedback from staff, students, alumni and employers?
- Q:** Is the way to gather feedback from stakeholders structured and formal?
- Q:** How is the quality of support services and facilities evaluated?
- Q:** How is feedback analysed and used for improvement?

MU 2019

## Support evidences

132

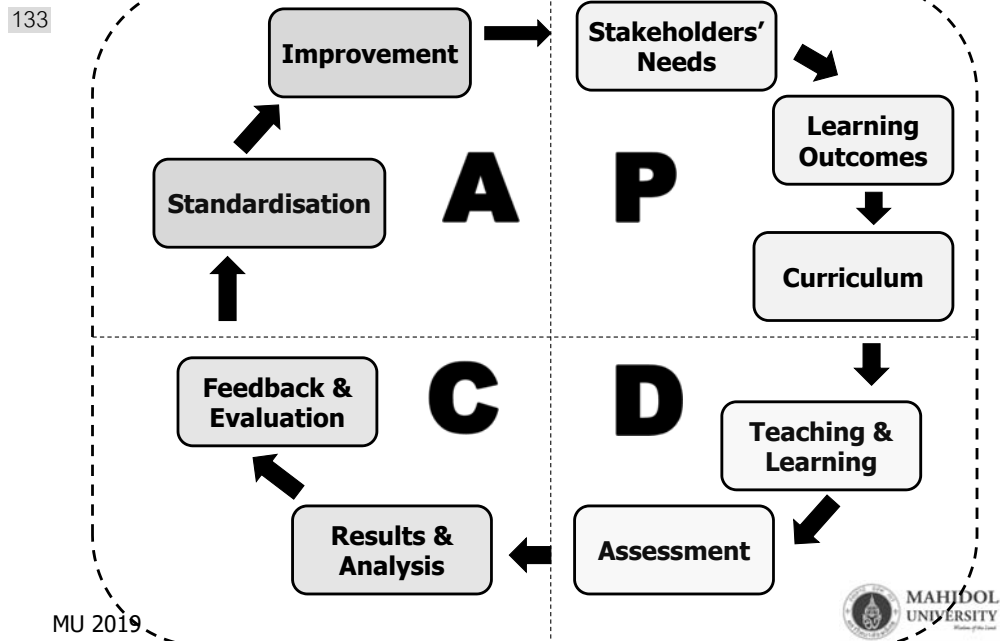

### For example:

- ..
- ..
- ..
- ..
- Curriculum design, review and approval process
- Stakeholders input
- Evaluation of T&L and assessment processes
- QA of assessment and examination
- External examiners
- Local and international benchmarking
- Programme and course feedback
- Uses of feedback for improvement
- Sample of feedback questionnaire
- Reports from surveys, focus group, dialogue, tracer study, etc.

MU 2019

## Curriculum Design/Development Process

## Common Formal Feedback Mechanisms

134

- Surveys:
  - Questionnaire
  - Mail survey
  - Electronic/internet survey
  - Face-to-face interview
  - Telephone interview
- Tracer studies
- Focus group discussions
- Dialogues
- Complaint/suggestion system

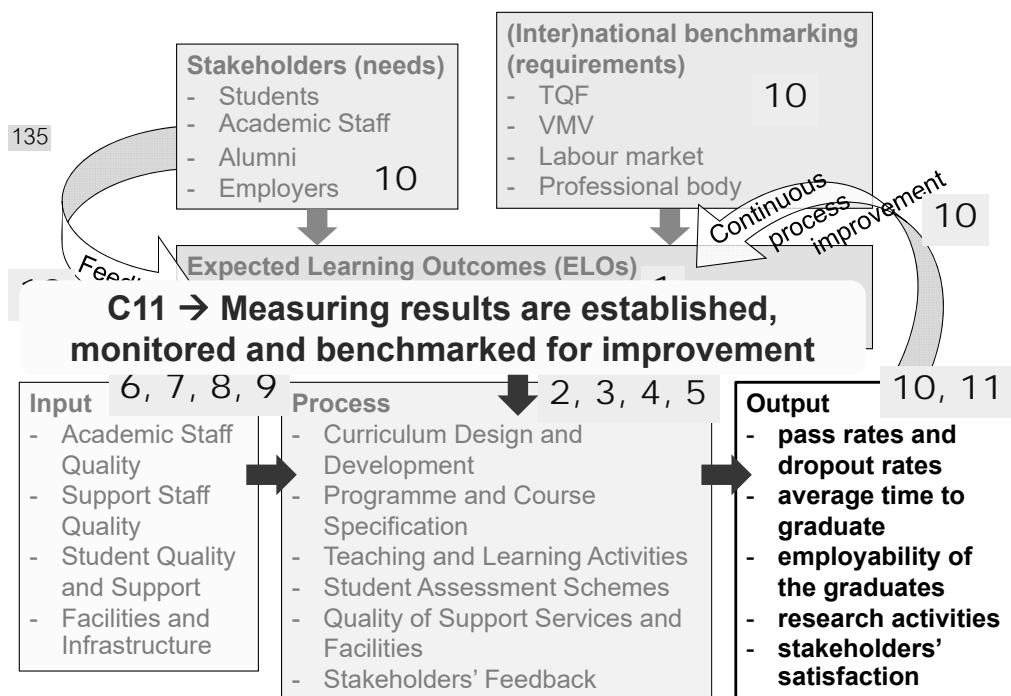

- Stakeholders
- Frequency
- Sample size
- Response rate
- Quantitative and qualitative feedback
- Improvement strategy

MU 2019

134

135

## 11. Output (5)

136

11	Output
11.1	The pass rates and dropout rates are established, monitored and benchmarked for improvement. [1]
11.2	The average time to graduate is established, monitored and benchmarked for improvement. [1]
11.3	Employability of graduates is established, monitored and benchmarked for improvement. [1]

MU 2019

## 11. Output (5)

137

11.4	The types and quantity of research activities by students are established, monitored and benchmarked for improvement. [2]
11.5	The satisfaction levels of stakeholders are established, monitored and benchmarked for improvement. [3]

## 11. Output

138

### Requirements (3)

1. The quality of the graduates (such as pass rates, dropout rates, average time to graduate, employability, etc.) is established, monitored and benchmarked; and the programme should achieve the expected learning outcomes and satisfy the needs of the stakeholders.
2. Research activities carried out by students are established, monitored and benchmarked; and they should meet the needs of the stakeholders.
3. Satisfaction levels of staff, students, alumni, employers, etc. are established, monitored and benchmarked; and that they are satisfied with the quality of the programme and its graduates.

## Output

139

- Current and past performance indicators
- Performance targets
- Trend (upwards or downwards) and its reasons
- Comparison with other competitors or universities
- Benchmark with targeted universities

## Pass Rates and Dropout Rates (last 5 cohorts)

140

Academic Year	Cohort Size	% completed first degree in			% dropout during			
		3 Years	4 Years	>4 Years	1st Year	2nd Year	3rd Year	4th Years & Beyond

## Exercise : Writing SAR: Criterion 11

141

1. **Read the requirements** of each sub-criterion: understand what the **requirements ask?** (ADRI approach). Write down the **Answer..?**
2. **What are the support evidences of the answers?** Most of the evidences come from **the results** (outputs, employability, graduate achievements, trend, comparison, benchmarking) of OBE implementation to your programme.
3. **Write a draft of each Criterion in a bullet format**
4. **Rewrite in a narrative form** (ADRI approach)

MU 2019

## What are the questions?

142

- Q: Does the institution have an efficient system to monitor the output data (pass & dropout rates, average time to graduate)?
- Q: What mechanisms are available to gather the satisfaction or dissatisfaction about the programme, resources, facilities, processes, policies, etc. from the stakeholders?
- Q: Do the achieved standards match the expected standards?
- Q: Do graduates get jobs easily? What are the career prospects of graduates over the last few years?
- Q: What types of research activities are carried out by students? Are these activities aligned to the ELOs?
- Q: How is the feedback from the stakeholders used to improve the programme?
- Q: Are employers satisfied with the quality of the graduates?

MU 2019

## Support evidences

143

- .... **For example:**
- ....
  - Process and indicators for measuring output data
  - Process and indicators for measuring stakeholders' satisfaction. Stakeholders' satisfaction trends
- ....
  - Graduates, alumni and employers surveys
  - Tracer study of graduates
  - Employment surveys and statistics
  - Employers feedback
  - Results of benchmarking
  - Press reports

MU 2019

## AUN 2: Programme Specification (3)

144

2	Programme Specification
2.1	The information in the programme specification is comprehensive and up-to-date. [1,2]
2.2	The information in the course specification is comprehensive and up-to-date. [1,2]
2.3	The programme and course specifications are communicated and made available to the stakeholders. [1,2]

### Documents

- comprehensive, communicate, up-to-date
- for all stakeholders

MU 2019

## 2. Programme Specification (Requirements)

145

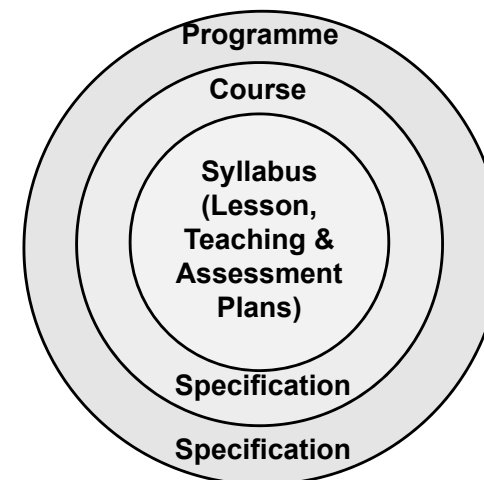

1. The Institution is recommended to publish and communicate the programme and course specifications for each programme it offers, and give detailed information about the programme to help stakeholders make an informed choice about the programme.
2. Programme specification including course specifications describes the expected learning outcomes in terms of knowledge, skills and attitudes. They help students to understand the teaching and learning methods that enable the outcome to be achieved; the assessment methods that enable achievement to be demonstrated; and the relationship of the programme and its study elements.

MU 2019

## Programme & Course Specifications

146

MU 2019

## Programme specification (p.18)

147

Programme specification is **a set of documents** that describes the study programme offered by the university. The programme specification usually encompasses the following items:

- a summary of programme aims and intended outcomes;
- an outline of the course structure;
- a matrix showing how the programme learning outcomes are achieved through the courses; and
- a set of course specifications

MU 2019

## Course specification

148

The information to be included is listed below.

- Course title
- Course requirements such as pre-requisite to register for the course, credits, etc.
- Expected learning outcomes of the course in terms of knowledge, skills and attitudes
- Teaching, learning and assessment methods to enable outcomes to be achieved and demonstrated
- Course description and **outline or syllabus**
- Details of student assessment
- Date on which the course specification was written or revised.

MU 2019

## What are the questions?

149

- Q:** What information is documented in the programme and course specifications?
- Q:** Is the programme specification published and made available or known to stakeholders?
- Q:** Is the course specification standardised across the programme?
- Q:** What is the process for reviewing the programme and course specifications?
- Q:** when is the programme and course specifications updated?
- Q:** What types of research activities are carried out by students? Are these activities aligned to the ELOs?
- Q:** How is the feedback from the stakeholders used to improve the programme?
- Q:** Are employers satisfied with the quality of the graduates?

MU 2019

## Support evidences

MU 2019

## 6. Academic Staff Quality (7)

153

6 Academic Staff Quality
6.1 Academic staff planning (considering succession, promotion, re-deployment, termination, and retirement) is carried out to fulfill the needs for education, research and service. [1]
6.2 Staff to student ratio and workload are measured and monitored to improve the quality of education, research and service. [2]
6.3 Recruitment and selection criteria including ethics and academic freedom for appointment, deployment and promotion are determined and communicated. [4,5,6,7]

MU 2019

## 6. Academic Staff Quality (7)

154

6.4 Competences of academic staff are identified and evaluated. [3]
6.5 Training and developmental needs of academic staff are identified and activities are implemented to fulfill them. [8]
6.6 Performance management including rewards and recognition is implemented to motivate and support education, research and service. [9]
6.7 The types and quantity of research activities by academic staff are established, monitored and benchmarked for improvement. [10]

MU 2019

## 6. Academic Staff Quality

155

### Requirements (10)

- Both short-term and long-term planning of academic staff establishment or needs (including succession, promotion, re-deployment, termination, and retirement plans) are carried out to ensure that the quality and quantity of academic staff fulfill the needs for education, research and service.
- Staff-to-student ratio and workload are measured and monitored to improve the quality of education, research and service.

MU 2019

## 6. Academic Staff Quality

156

### Requirements (10)

- Competences of academic staff are identified and evaluated. A competent academic staff will be able to:
  - design and deliver a coherent teaching and learning curriculum;
  - apply a range of teaching and learning methods and select most appropriate assessment methods to achieve the expected learning outcomes;
  - develop and use a variety of instructional media;
  - monitor and evaluate their own teaching performance and evaluate courses they deliver;
  - reflect upon their own teaching practices; and
  - conduct research and provide services to benefit stakeholders

MU 2019

## 6. Academic Staff Quality

157

### Requirements (10)

4. Recruitment and promotion of academic staff are based on merit system, which includes teaching, research and service.
5. Roles and relationship of academic staff members are well defined and understood.
6. Duties allocated to academic staff are appropriate to qualifications, experience, and aptitude.
7. All academic staff members are accountable to the university and its stakeholders, taking into account their academic freedom and professional ethics.

MU 2019

## 6. Academic Staff Quality

158

### Requirements (10)

8. Training and development needs for academic staff are systematically identified, and appropriate training and development activities are implemented to fulfill the identified needs.
9. Performance management including rewards and recognition is implemented to motivate and support education, research and service.
10. The types and quantity of research activities by academic staff are established, monitored and benchmarked for improvement.

MU 2019

## What are the questions?

159

- Q:** What are the challenges institutions meet or encounter with regards to human resources difficulties in filling vacancies or in attracting qualified academic staff?  
How do institutions handle these challenges?
- Q:** How the competencies and expertise of the academic staff adequate for delivering the programme?
- Q:** How many Master's and PhD degree holders are there among the academic staff?
- Q:** How the staff-to-student ratio satisfactory?
- Q:** What is the accountability of academic staff in terms of roles, responsibilities, academic freedom, and ethics?
- Q:** What is the number of research papers published? IP?
- Q:** What is the performance management system?
- Q:** What is the career development plan for academic staff?

MU 2019

## Support evidences

160

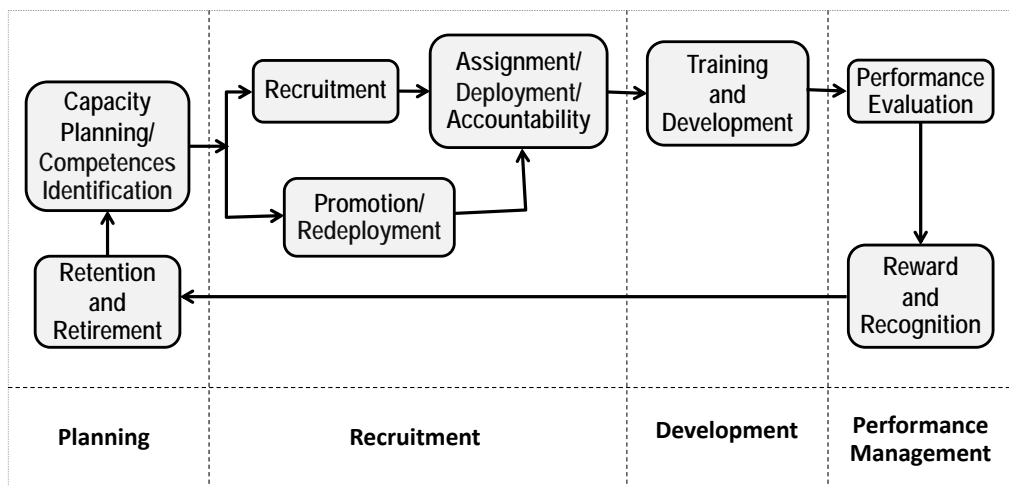

- Manpower plan
- • Faculty distribution in terms of age, gender, expertise ....
- • Career and succession plans
- • Recruitment criteria
- • Staff qualifications
- • Training needs analysis
- Training and development plan and budget
- Peer review and appraisal system
- Student feedback
- Award and recognition schemes
- Assign workload
- Staff handbook
- Job description
- Employment contract
- Research and publication data
- National and/or professional license/certificate

MU 2019

## Processes required

161

MU 2019

## FTE: Use this Table to specify the number of academic staff and their FTEs in the last 5 academic years.

162

Category	M	F	Total		Percentage of PhDs
			Headcounts	FTEs	
Professors					
Associate/ Assistant Professors					
Full-time Lecturers					
Part-time Lecturers					
Visiting Professors/ Lecturers					
Total					

specify reference date and method of calculation used for FTE of Students

MU 2019

## Full-Time Equivalent (FTE): Teaching Load

163

- In calculating the FTEs of academic staff, institutions should define what constitutes full-time student loads and faculty teaching loads including part-time students and faculty at their percentage of full time loads.
- One of the methods to calculate FTEs is based on the investment of time. For example, if 1 FTE is equal to 40 hours per week (full-time employment), then the FTE of an academic staff member with a teaching load of 8 hours per week will be 0.2 (i.e. 8/40).

MU 2019

## Full-Time Equivalent (FTE): Student load

164

- The investment of time method can also be used for calculating FTEs of student.
- For example, if 1 FTE student has to attend 30 hours of lesson a week, then the FTE of a student with 21 hours of lesson a week will have a FTE of 0.7 (i.e. 21/30).

MU 2019

**staff-to-student ratio: Use this Table to specify the staff-to-student ratio in the last 5 academic years.**

165

Academic Year	Total FTEs of Academic Staff	Total FTEs of students	Staff-to-student Ratio

specify reference date and method of calculation used for FTE of Academic Staff

MU 2019

**Types and number of research publications**

166

Provide data on the types and number of research publications in the last 5 academic years

Academic Year	Types of Publication				Total	No. of Publications Per Academic Staff
	In-house/ Institutional	National	Regional	International		

MU 2019

**7. Support Staff Quality (5)**

167

7	Support Staff Quality
7.1	Support staff planning (at the library, laboratory, IT facility and student services) is carried out to fulfill the needs for education, research and service. [1]
7.2	Recruitment and selection criteria for appointment, deployment and promotion are determined and communicated. [2]
7.3	Competences of support staff are identified and evaluated. [3]

MU 2019

**7. Support Staff Quality (5)**

168

7.4	Training and developmental needs of support staff are identified and activities are implemented to fulfill them. [4]
7.5	Performance management including rewards and recognition is implemented to motivate and support education, research and service. [5]

MU 2019

## 7. Support Staff Quality

169

### Requirements (5)

1. Both short-term and long-term planning of support staff establishment or needs of the library, laboratory, IT facility and student services are carried out to ensure that the quality and quantity of support staff fulfill the needs for education, research and service.
2. Recruitment and selection criteria for appointment, deployment and promotion of support staff are determined and communicated. Roles of support staff are well defined and duties are allocated based on merits, qualifications and experiences.

MU 2019

## 7. Support Staff Quality

170

### Requirements (5)

3. Competences of support staff are identified and evaluated to ensure that their competencies remain relevant and the services provided by them satisfy the stakeholders' needs.
4. Training and development needs for support staff are systematically identified, and appropriate training and development activities are implemented to fulfill the identified needs.
5. Performance management including rewards and recognition is implemented to motivate and support education, research and service.

MU 2019

## What are the questions?

171

- Q: How are the roles and competencies identified and classified?
- Q: How are the competence of support staff evaluated and monitored?
- Q: How is support staff members satisfied with their roles?
- Q: How manpower planning of support staff is carried out?
- Q: What are the recruitment and promotion criteria of support staff?
- Q: What is the performance management system?
- Q: Are the rewards and recognition activities implemented to motivate and engage support staff?
- Q: What is the career development plan for support staff?
- Q: How are the training and development needs managed?

MU 2019

## Support evidences

172

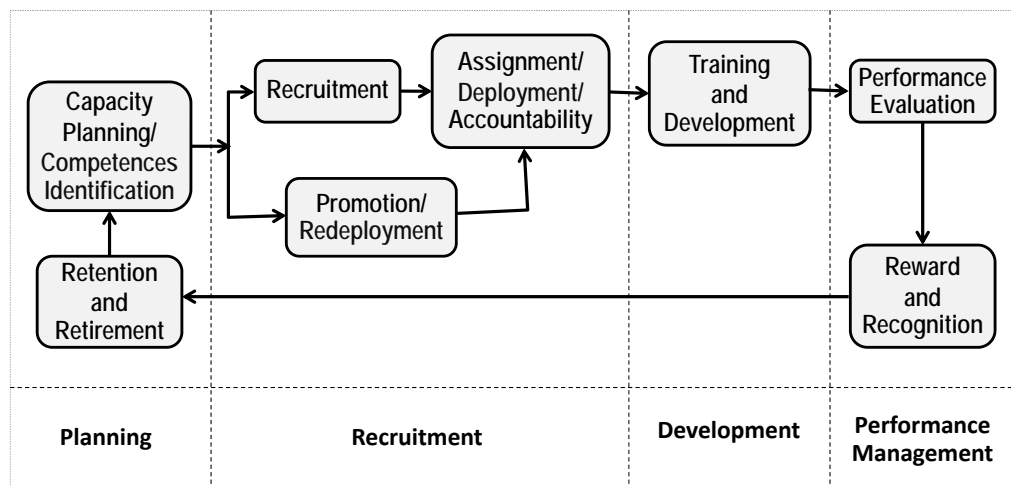

- Manpower plan
- Staff distribution in terms of age, gender, expertise ....
- Career and succession plans
- Recruitment criteria
- Staff qualifications
- Training needs analysis
- Training and development plan and budget
- Peer review and appraisal system
- Student feedback
- Award and recognition schemes
- Assign workload
- Staff handbook
- Job description
- Employment contract

MU 2019

## Processes required

173

MU 2019

## Number of Support Staff (specify reference date)

174

specify the number of support staff available in the last 5 academic years

Support Staff	Highest Educational Attainment				Total
	High School	Bachelor's	Master's	Doctoral	
Library Personnel					
Laboratory Personnel					
IT Personnel					
Administrative Personnel					
Student Services Personnel (enumerate the services)					
Total					

MU 2019

175

MU 2019

## 9. Facilities and Infrastructure (5)

176

9	Facilities and Infrastructure
9.1	The teaching and learning facilities and equipment (lecture halls, classrooms, project rooms, etc.) are adequate and updated to support education and research. [1]
9.2	The library and its resources are adequate and updated to support education and research. [3,4]
9.3	The laboratories and equipment are adequate and updated to support education and research. [1,2]

MU 2019

## 9. Facilities and Infrastructure (5)

177

9.4	The IT facilities including e-learning infrastructure are adequate and updated to support education and research. [1,5,6]
9.5	The standards for environment, health and safety, and access for people with special needs are defined and implemented. [7]

## 9. Facilities and Infrastructure

178

### Requirements (7)

1. The physical resources to deliver the curriculum, including equipment, materials and information technology are sufficient.
2. Equipment is up-to-date, readily available and effectively deployed.
3. Learning resources are selected, filtered, and synchronised with the objectives of the study programme.
4. A digital library is set up in keeping with progress in information and communication technology.

## 9. Facilities and Infrastructure

179

### Requirements (7)

5. Information technology systems are set up to meet the needs of staff and students.
6. The institution provides a highly accessible computer and network infrastructure that enables the campus community to fully exploit information technology for teaching, research, services and administration.
7. Environmental, health and safety standards and access for people with special needs are defined and implemented.

## What are the questions?

180

- Q:** How are the lecture-halls, seminar rooms, laboratories, reading rooms, and computer rooms available? Do they meet the needs of students and staff?
- Q:** How is the library sufficiently equipped for education and research?
- Q:** How are the laboratory facilities and equipment sufficient to support student and staff? Do the laboratories meet the relevant requirements?
- Q:** How hardware and software are made available to meet the needs of education and research?
- Q:** How are the facilities and infrastructure being maintained?
- Q:** How the health and safety of students and staff are managed?

## Support evidences

181

- .. • List of facilities, equipment, computer hardware and software, etc.
- .. • Facilities booking, utilization rates, downtime/uptime, operating hours
- .. • Maintenance plan
  - New facilities and upgrading plans
  - Safety, health and environmental policy
  - Emergency plan
  - Student and staff feedback
  - Budgets for facilities and infrastructure
  - Evaluation of quality services

## Homework

- Assign a SAR TEAM
- Plan for WRITING SAR (in 1 year)
- SAR Draft 1 → April 2010

## Key of success

- SHARE and LEARN each others
- Follow up the progression every 3 months

**Thank You**  
**Question Please**
